

Yield10 Bioscience to Present at the 8th annual LD Micro Invitational

May 29, 2018

WOBURN, Mass. – May 29, 2018 – Yield10 Bioscience, Inc. (NASDAQ: YTEN), a company focused on developing new technologies to achieve step-change improvements to crop yield to enhance global food security, announced today that Oliver Peoples, Ph.D., President and Chief Executive Officer of Yield10, will be presenting at the 8th Annual LD Micro Invitational Conference on Tuesday, June 5, 2018 at 4:30 pm PST/7:30 pm EST.

Management will also be meeting with members of the investment community during one-on-one meetings.

A live audio webcast of the presentation can be accessed at: <http://wsw.com/webcast/ldmicro14/yten/>

Interested parties unable to listen to the live webcast can access an archived version in the “Investors” section of the Company’s website www.yield10bio.com for approximately 90 days.

“The event is slated to be our largest Invitational to date,” stated Chris Lahiji, President of LD Micro. “When the fires caused the cancellation of our Main Event back in December, we vowed to come back even stronger. This event showcases our firm’s ability to attract the most unique and exciting names in micro-cap.”

The conference will be held at the Luxe Sunset Bel Air Hotel, will feature 230 companies in the small-cap / micro-cap space, and will be attended by over 1,000 individuals.

About Yield10

Yield10 Bioscience, Inc. is focused on developing new technologies to achieve step-change improvements in crop yield to enhance global food security. Yield10 has an extensive track record of innovation based around optimizing the flow of carbon in living systems. Yield10 is leveraging its technology platforms and unique knowledge base to design precise alterations to gene activity and the flow of carbon in plants to produce higher yields with lower inputs of land, water or fertilizer. Yield10 is advancing several yield traits it has developed in crops such as Camelina, canola, soybean and rice. Yield10 is headquartered in Woburn, MA and has an Oilseeds center of excellence in Saskatoon, Canada.
